Information / Decisions

No.	Item
1	The transaction history user stories (US24, US25) have been put at a lower priority due to the importance of purchasing (i.e. purchasing is a dependency of these user stories)
2	There will need to be a profile page for users to create reviews - Thomas will begin working on this
3	Showed progress regarding the reviews and ratings
4	Demonstrated purchase microservice - discovered an error
