

## Milestone 3 Submission - MEDS

### User Accounts

	<i><b>Username</b></i>	<i><b>Password</b></i>
<i><b>Customer Account</b></i>	customer	customer
<i><b>Business Account</b></i>	business	business
<i><b>Admin Account</b></i>	admin	admin

### PayPal Accounts

	<i><b>Username</b></i>	<i><b>Password</b></i>
<i><b>Customer PayPal Account</b></i>	dale@weboughtthisdomainforyoudale.xyz	daledale
<i><b>Business (Bookaroo) PayPal Account</b></i>	bookaroo@bookaroo.com	bookaroo

Cool things to note

- You can log into the above PayPal accounts via the sandbox site @ <https://www.sandbox.paypal.com/>
  - The customer account is used for purchasing (don't worry it has plenty of money :^ ) and emulates a real account
  - The business account is where the money from purchases is sent

### Maxwell Reid - s3787033

Tasks completed

- Backend implementation of microservices
- Scrum documentation review
- Backend refactor
